## Race area

We have 2 race areas:

- Area 1 is on the local bay which gives close and tight racing close to land with great opportunities for spectators.
- Area 2, our most common race area, app 1,5 nM from the harbor, which provides open water without current.

## Sailing conditions

- Race area 2 provides "open sea" conditions with no current.  
In sea-breeze conditions it normally sets from the south at 8-14 knots otherwise the most common wind direction is southwest.  
The depth is 30-50m, there is no current and finally, you can drink the water.
